BioSurface Peel™ Treatment

90mins **£80**

BioSurface Peel™ is a professional chemical peel designed to resurface the skin with minimal recovery time. This unique, multi-phase approach works with the skin's biology to safely slough away dull epidermal layers and accelerate cell renewal without inflammation and prolonged downtime typically associated with chemical peels.

Environ

Environ offers the most advanced approach to results driven skin care – bridging the gap between beauty therapy and modern medical science. The Environ Ionzyme machine uses electrical pulses and special sound waves to increase the penetration of vitamins A, C, E and beta-carotene by up to 40 times more than simply massaging in by hand. Effects are noticeable after just one session.

Active Vitamin Treatment

60mins **£65** | 90mins **£85**

Packed with nourishing, anti-ageing ingredients, this treatment will leave your skin looking radiant and dewy. The freshest, most active forms of vitamin A, C and anti-oxidants are driven deep into the lower layers of the skin using soundwaves and small electrical pulses. This scientific approach stimulates collagen to soften lines and improve elasticity, increase hydration and boost radiance.

Suitable for all skin types – particularly effective at addressing sun-damage, pigmentation, premature ageing, dryness, uneven skin tone and scarring with visible differences after just one session.

Collagen Power Facial

60mins **£65** | 90mins **£85**

This peptide-packed facial helps to boost collagen, soften fine lines and tighten lax skin, resulting in a more youthful appearance. Ideal for targeting mature or photo-damaged complexions. The treatment uses gentle soundwaves to drive a special nutrient packed serum deep into the lower layers of the skin.

The Frown Treatment

45mins **£90**

This highly effective treatment uses a special penta-peptide serum to target frown lines and achieve dramatic results. The unique combination of active ingredients is driven deep into the skin to soften lines and reduce muscle tension in the forehead helping to prevent new lines forming.

HydraBoost Treatment

60mins **£90**

The perfect antidote to dry, lacklustre skin, this intensive treatment deeply hydrates while plumping and firming the skin. Based on Hyaluronic Acid, which holds 1000 times its own weight in water, it helps to reduce fine lines caused by dehydration and increase the plumpness of the dermis, resulting in moisturised, glowing skin.

Precision Treatment

30mins **£45**

This time effective treatment targets specific areas of concern using unique skin care techniques that ensure effective results. This treatment is perfect for when your time is limited.

Purifying Treatment

45mins **£52**

Created to purify a micro-exfoliate and re-hydrate your skin, this particular treatment assists with the treatment of acne, scarring and deep skin congestion. This combination of scientifically advanced products and techniques revives and refreshes, leaving the skin feeling like new.

Cool Peel Treatment

60mins **£65**

This revolutionary approach to peeling achieves incredible results without damaging the skin. Low strength Lactic Acid is used to reduce the skin's PH and trigger the release of growth factors, which creates tighter, smoother skin.

It destroys bacteria, boosts hydration and removes the build-up of dead skin cells, helping to decongest the surface and smooth its texture. The Cool Peel is ideal for clients with lines and wrinkles, rough or problem skin, sun damage and Rosacea.
